SKILLS

I can build a website with HTML and CSS. I have experience with the 3D modeling softwares SketchUp and Fusion 360. I like to build and learn about electronics, 3D printers, PCs, and anything tech. I did wrestling during the 2018 - 2019 season, and golf during the 2020 season.

EXPERIENCE

STEAM Discovery Festival, Benicia High School

April 27, 2019

- A couple other students and I helped run my Engineering teacher's booth.
- We set up a drone obstacle course and taught kids to code the drones to fly.

Outreach, Mary Farmar Elementary School

2019

- A few students including myself brought robots to code and move in specific directions to kids at the elementary school.
